

# True or False Equation Grid:

Color in the squares containing **incorrect** equations:

$19 = 12 + 5$	$18 = 10 + 8$	$11 = 13 - 2$	$17 = 13 + 1$
$12 - 5 = 7$	$14 - 19 = 5$	$14 = 15 - 3$	$5 = 23 - 18$
$1 = 17 - 16$	$10 = 1 + 8$	$14 = 5 + 6$	$22 = 8 + 14$
$9 = 11 - 3$	$16 + 3 = 19$	$22 - 10 = 12$	$17 = 13 + 3$

If you do these correctly, these will make a pattern!
