True or False Equation Grid:

Color in the squares containing **incorrect** equations:

$2 = 25 - 27$	$2 \times 4 = 8$	$14 + 9 = 20$	$5 = 21 - 16$
$16 = 14 + 2$	$2 \times 3 = 3$	$7 = 53 - 46$	$15 = 28 - 16$
$7 = 39 - 34$	$25 = 60 - 35$	$29 = 7 + 21$	$34 = 16 + 18$
$29 = 45 - 16$	$37 - 45 = 8$	$22 = 66 - 44$	$39 = 12 + 26$

If you do these correctly, these will make a pattern!
